Our promise to you is that you will have impeccable service for the entire time you spend with Kansas Farmland Outfitters.

- You will hunt whitetail deer, Rio Grande turkey, waterfowl, dove and predators.
- You will be hunting on small family owned farms and ranches in Potwin, Kansas.
  
- The grounds have been hunted on by Kansas Farmland Outfitters staff for forty-five years.

There is an abundant food supply due to the hunting fields being used to grow corn, beans, milo, wheat, and alfalfa.

- Many of the farms have creek bottoms running through heavy timber and thickets that the game use for bedding and travel corridors. This is prime cover for big, healthy deer with massive antlers, as well as high numbers of turkeys and predators.

Do not expect high fences, feeders, or anything else that forces the wildlife to be congregated in

small areas for easy harvesting, because Kansas Farmland Outfitters does not have them. Kansas Farmland Outfitters is for serious hunters, hunters who want a challenge!

Our goal is to give you the same thing we want: The Hunt of A Lifetime. Give us a call at **316-755-5322** or email us at [info@kansasfarmlandoutfitters.com](mailto:info@kansasfarmlandoutfitters.com) to schedule your hunt today!
